

March 11, 1975

PRESIDENT: The committee amendments are adopted.

SENATOR CLARK: At this time I would explain LB 157. All it does is establish a radiation headquarters, so that all the radiation in the State of Nebraska can be checked and licensed, if necessary, where there is radiation problems. This is to bring up the act of 1963 which would bring it up-to-date and give us a more modern way of checking the radiation within Nebraska. I think, probably, if we have any questions, it's a simple bill. We are only trying to locate any radiation equipment or problems within the State of Nebraska. I would ask to advance LB 157, as amended, to E & R.

PRESIDENT: Any further discussion of that motion? The question is the advancement of LB 157, as amended. Record your vote. Record Mr. Clerk.

CLERK: 30 ayes, 0 nays, Mr. President.

PRESIDENT: The motion carries and the bill is advanced.

CLERK: (mic inactivated) . . . Mr. President, is LB 157A. (Read title).

PRESIDENT: Senator Kennedy.

SENATOR KENNEDY: Mr. President and fellow members, I would move for the adoption of the committee amendments. All this is to stop the appropriations so that it only runs through 1975, up till June 30, 1976. This should have been in the original bill. When it came from the fiscal analyst it was left out. I ask for the adoption of this committee amendment.

PRESIDENT: Any discussion? The question is the adoption of the amendments to 157A.

CLERK: Adoption of the Kennedy amendment. It's just a Kennedy amendment.

PRESIDENT: Oh, the Kennedy amendment to 157A. Record your vote. Record Mr. Clerk.

CLERK: 25 ayes, 0 nays, Mr. President.

PRESIDENT: Your amendment is adopted Senator Kennedy.

SENATOR KENNEDY: I would move that LB 157A with the amendment be advanced. I would explain very briefly that the total sum of money is \$19,552. This would be for the director and inspection of the radiation. I would move for the advancement to E & R of LB 157A as amended.

PRESIDENT: Any discussion of that motion? Senator Stoney.

SENATOR STONEY: Mr. President, members of the Legislature, will Senator Kennedy yield to a question please? Is this total amount, Senator Kennedy, to cover the salary and any administrative cost for this program?

SENATOR KENNEDY: Yes. This would be the director and his staff for the inspection and covering of the total program.

SENATOR STONEY: For the period of one year?

SENATOR KENNEDY: Yes.
